

Building the Endowment ~ *The Spirit of Shenandoah*
Comprehensive Campaign Goal is to raise an additional \$32 million

Perhaps the most important component for ensuring the strength and vitality of any institution is its endowment — that pool of resources upon which it can draw to make higher education possible for talented and deserving students. When a student is not able to attend Shenandoah University because the tuition is out of reach, it is a lost opportunity for both the student and the university.

Through their contributions to the endowment, alumni and friends of Shenandoah have shown leadership in providing stellar programs, scholarships, professorships, and other academic endeavors of excellent quality. Their generous support allows SU to attract some of the brightest students and to recruit and retain dynamic faculty members whose passion for knowledge and teaching is contagious.

A robust endowment will address the needs of so many. It will also elevate the university in the eyes of prospective students and their parents as well as those educational publications, foundations, and corporations that use the size of a school's endowment as a barometer for making decisions about grants and national rankings.

As a careful steward of its endowment funds, SU recognizes the generosity of our loyal friends and supporters who have provided solid footing for Shenandoah students today and far into the future. Endowed scholarships provide a way to honor or memorialize beloved family members and friends.

A gift to Shenandoah University's endowment makes a difference in the life of a student. Whatever area of study you most care about — be it business, the arts, health care or education — your gift to a scholarship in that area today will ensure Shenandoah students become the leaders of tomorrow. For a current list of Shenandoah's endowed Scholarships, please see the list inside or go to www.spiritofshenandoah.org.
